

Community Associations

INSURICA insurance policies benefit your clients and protect you from liability

The Association Team at INSURICA specializes in designing and implementing specific insurance programs and services to support both community associations and their homeowners and tenants. We offer personal insurance products for condominium owners and rental property tenants, including:

- Condominium Homeowners Insurance (HO-6)
- Renters Insurance (HO-4)

Association Benefits

Protection

Both coverages contain a personal liability component that pays for damages caused by bodily injury or property damage that the insured is legally liable for.

Client Satisfaction

We've teamed up with an A-rated insurance carrier that offers your residents customizable coverage options, a quick and easy online quoting and purchase process, and reliable AI-driven claims processing.

Resident Benefits

Protection

Both our condo and renters insurance policies cover the contents of your residents' homes, complementing the existing master policy.

Client Satisfaction

Homeowners and residents can secure a quote and purchase a policy online with the option to secure agent assistance at any time. They'll also have 24/7 access to their policy documents and claims status, and access to customer service support through phone, email, and online chat.

Whether your customers own or rent, we can offer them the right personal protection to meet their needs.
